SENIOR ENVIRONMENTAL CONSULTANT

Salary Range: Indicative range \$125,000 per annum, including superannuation.
Final salary will be negotiated and guided by qualifications and demonstrated relevant experience.

Job Type: Full-time

Location: 1 Eagle Street, Brisbane

Reference Number: BSEC611

The Company

R.W. Corkery & Co. Pty Limited is recognised as an industry leader in the field of geological and environmental consulting services for the quarrying, mining, construction and waste industries. Our current clients' number among some of Australia's largest mining, quarrying companies as well as a range of emerging companies. Incorporated in November 1980, its principal professional offices are located in Brooklyn Northern Sydney, Orange in Central West New South Wales and more recently, a smaller office in the Brisbane CBD.

This leading environmental consultancy has a rare opportunity for an experienced professional to join our team in Brisbane. The successful candidate will be skilled in providing environmental and technical expertise and written reporting for large and small scale mining or quarrying projects and will be keen to play a key role in supporting other members of the team.

The Senior Environmental Consultant will be a professional with a minimum of three (3) years demonstrated project delivery track record with the mining, quarrying and related resources sector. Candidates with significantly more than three years relevant experience are also encouraged to apply. Demonstrated experience could include a consultancy background, on-site environmental management role or other professional role with specific experience in environmental development, assessment and / or planning relating to mining and / or quarrying. Demonstrated expertise would include the following.

- ◆ High level technical report writing and peer review.
- ◆ Extensive skills in interpretation of environmental data from a variety of disciplines.
- ◆ Experience in critical review / editing external specialist consultant reports.
- ◆ Sound interpersonal skills including the aptitude for problem solving and developing client focused solutions.
- ◆ Demonstrated project delivery and organisational skills and the capacity to manage a range of projects simultaneously within scheduled timeframes.
- ◆ Capacity to identify and evaluate key issues, formulate practical recommendations and commitments to complex project-related issues.
- ◆ Tertiary degree / qualification in a relevant discipline such as the environment or the sciences.

For confidential initial enquiries contact Cindy Corkery, Director/Business Manager on 02 9985 8511 or Mitchell Bland, Principal Senior Environmental Consultant on 02 6362 5411 or email applications to cindy@rwcorkery.com
